

HOLLAND TR

Anssems Boor Pulse Geo grondboor

General features

Brand	Anssems
Subcategory	Drilling rig
Construction year	2004
Color	other
Condition	Used
General condition	Very good

Characteristics

Empty weight	1.000kg
Load capacity	1.500kg
Serial number	xljoa030604027023

Anssems Boor Pulse Geo grondboor

Description

Ground drill Pulse Geo Drilling well purification Mounted on a trailer Anssems Registration Netherlands License plate: WN-ZR-67
The installation works on 3 phase 380 volt connection. This can be done by means of a fixed connection or a generator set. The winch, mast and support legs work on hydraulics. The pulse is winched upwards after which the winch is released after which the pulse makes a borehole. Very simple the entire system can also be quickly converted to diesel. The pulse drilling machine is offered as shown in the photos. The machine is suitable for soil sampling as well as for making water wells and purifying existing boreholes equipped with a filter. For this technique there are several adapters available for various dimensions.
