

BBA High pressure pump PM.3.100.52

General characteristics

Brand	BBA
Subcategory	High pressure pump
Year of construction	2000
Hours displayed	689
Condition	Used
General state	Good
Fuel	Diesel

Properties

Single weight 960kg

Description

BBA Piston pump Type: PM 3.100.52 with Hatz 1D80 Diesel engine. Pump: 3 plungers Cylinder diameter 52mm Max. 150 L/Min working pressure: 100 BAR Max. Pressure output: 115 BAR Pump type: piston/piston Instant starting pump, see video. few hours.
