

## MAN Knebel HY79 Grondboor

### General features

|                   |             |
|-------------------|-------------|
| Brand             | MAN         |
| Subcategory       | Earth drill |
| Construction year | 1997        |
| Hourmeter reading | 12849       |
| Condition         | Used        |
| Fuel              | Diesel      |
| Emission class    | stage_1     |
| CE marking        | Yes         |

### Characteristics

|              |          |
|--------------|----------|
| Empty weight | 9.000kg  |
| GWV          | 10.500kg |

# MAN Knebel HY79 Grondboor

## Description

Ground drilling installation on truck Undercarriage: Make: MAN Type: 10.163 Version: 4X4 Leaf spring Year of construction 1997  
Knebel HY79 SBR ground drilling installation. Body: Make: Knebel AS Type: HY79 Year of construction 1995 Drive: PTO  
Hydraulics Pull up system: Double Chain Pull down system: Single chain Operation by hydraulic cylinder Stroke: Pull up: 60 kN Pull  
down: 30 kN Bottom clamp: 600 mm drill head: Passage:  $\varnothing$ 168 mm Torque: 6000 Nm Speed: 0-150 Turntable / Casing clamp  
Hydraulic breaker Percussion winch system pulse / free fall winch New 12 mm cable still to be installed. Books available Dutch  
registration available
